

SPRING SPRINT MONDAY 1 APRIL 2024

Supplementary Regulations

The Goodwood Road Racing Club, will organise an Interclub permit Sprint event, permit 135569, on Monday 1 April 2024 at Goodwood Motor Circuit, Chichester, West Sussex, PO18 0PH. The promoter is Goodwood Road Racing Club.

The meeting will be held under the General Regulations of Motorsport UK (incorporating the provisions of the International Sporting Code of the FIA), these Supplementary Regulations, and any written instructions that the organising club or promoter may issue for the event. Goodwood Motor Circuit is 2.3 miles long and runs clockwise. There are six principal right-hand turns, one principal left-hand turn, and a right-left chicane. The course is exactly as last used for international racing in 1966, with no corners modified to reduce speeds. Competitors should therefore bear in mind that the course is very fast, and does not always afford wide, empty run-off areas. A vehicle that has left the circuit may come into contact with a deformable wall of tyres after a relatively short distance, and while this stops the vehicle effectively it may also cause some damage. Competitors are therefore reminded to drive at all times with due care and attention.

MSUK RACE WITH RESPECT CODES AND VALUES

The Race with Respect initiative requires all persons involved in the Event to have a socially-minded standard of behavior from everyone within the motorsport community. By participating in a Motorsport UK event in any capacity you agree to follow the values of the Respect Code which can be found at: Motorsportuk.org.
